LOVE TO  
LEARN

Today our learning will focus on the 10 times table.

# Daily Fluency and Recall Tasks

## Challenge:

How many numbers appear in the 2, 5 and 10 times tables?  
Make a list.

## Try to learn your:

2 times table

5 times table

10 times table

3 x table

Why not try Hit the button at <https://www.topmarks.co.uk/maths-game/hit-the-button>

You could practise your number bonds and doubles as well.

It's really important that you practise your times tables every day as they will help you with lots of the maths you will meet in KS2.

# Revision

$$22 + 35 =$$

$$89 - 41 =$$

$$8 \times 5 =$$

$$2 \times \underline{\quad} = 18$$

$$3 + 9 + \underline{\quad} = 15$$

Create fact families for the addition and subtraction equations.

Create an addition and subtraction fact family using these numbers- 30, 5 and 25
